Re: Inventor: Robert Louis Giuliani  
Application no. 10/643274  
Filing date: 08/18/2003  
Title: Interchangeable 2-stroke or 4-stroke High Torque Power Engine  
CIP of application no. 10/252,927 filing date 09/24/2002  
Art Unit: 3748  
Confirmation no. 4067

#### INTRODUCTORY COMMENTS

This is the 2<sup>nd</sup> amendment to this CIP application no. 10/643274. The 1<sup>st</sup> amendment was dated 27 NOV 2003. Replace the entire 27 NOV 2003 amendment and more with this 2<sup>nd</sup> amendment.

See the REMARKS on sheet 15.

I've tried to make this 2<sup>nd</sup> amendment agree with "Revised Amendment Practice Effective July 30, 2003" that I took from the internet. The following sheets for "Amendments to the specification:" are my best effort to avoid errors by replacing all the lines between the CIP section heading DETAILED DESCRIPTION OF THE INVENTION and the subsection heading **Interchanging 4-Stroke and 2-Stroke** in the CIP. If it is unclear, please let me know where my mistakes are and I will correct them. I can be reached by email or phone no. If by phone, the best time to reach me is 7:30AM – 8:30AM, Hawaii time.

Unlike all my earlier patent applications, this has been a very difficult engine invention to put into an application because it is a great departure from existing engines, which opens many ramifications that I'm trying to describe and claim. That is what causes the CIP and two amendments to the CIP.
